EXPIRATION OF ALL .AR ARGENTINIAN DOMAIN NAMES

We would like to inform you that, as from June 1, 2005, it came into force a new NIC Argentina rule that establishes the annual renewal of all Argentinian (.ar) domain names.

According to this disposition, domain names shall be effective for a one year term and will be renewable indefinitely. Said renewal can be requested as from one month prior to the expiration date of each domain name.

Moreover, one month prior to the expiration date, NIC Argentina shall notify the registrant and the administrative contact of each domain name the deadline for applying for its renewal by email. Please be aware that the expiration date of any .ar domain name could be checked by visiting NIC Argentina's website at www.nic.ar

In order to fulfill the renewal process, the registrant will need to use its registered email address at NIC Argentina. Thus, it is very important that the registrant and administrative contact have their email addresses updated and working.

Should you have any doubt, please do not hesitate to contact us.
